

THE HERO PRINCE.

General Fushimi, who will be a guest of the United States.

Lieutenant General Prince Sadanaru Fushimi, a distinguished representative of the Japanese nation, who is soon to land on American shores, is a nephew of the mikado, and he comes to the United States to visit the world's fair at St. Louis as the special representative of the emperor of Japan. The gallantry of the Japanese in the war with Russia is greatly admired in this country, and as Prince Fushimi comes direct from the battlefields of Manchuria and is himself a hero of one of the most daring and romantic episodes of the war, the assault and capture of Nanshan hill, he is a very interesting personage.

The emperor has sent him to the United States as a reward for his service, the emperor knowing that his phy-

siqne is not adequate to the hardships of the campaign in Manchuria. The prince expressed a desire to remain with the army, but the emperor insisted on his coming to the United States.

General Fushimi ranks as senior imperial prince. He won his rank as lieutenant general by his exploits in the Sino-Japanese war. In the assault on Nanshan hill in the present war he commanded the first division of General Oku's army. Twelve hours of desperate fighting failed to dislodge the Russians from their stronghold, and the Japanese had almost exhausted their ammunition. The officers then addressed their men and urged them to take the position at all costs. At the word of command General Fushimi's division advanced on the hill, jumped over the entanglements, rushed the enemy's guns and clambered over the lower intrenchments in the face of a terrific Russian fire. Other officers and their commands joined in, and the splendid rush carried the hill and won a most important victory.

BANK CLOSES ITS DOORS

Berlin, Wisconsin, Institution Stops Business After a Run.

Berlin, Wis., Nov. 19.—The Berlin National bank closed its doors yesterday and posted a notice saying:

"Owing to withdrawal of deposits the business of this bank has been placed in the hands of the controller of the currency." A meeting of the stockholders had been called for Dec. 5 to arrange for paying a 60 per cent assessment to strengthen the bank, and to remove any doubtful paper which might be found. Notices had been issued to the public stating the bank's determination. These notices it is said, were misconstrued by the depositors, a run on the bank resulted and became so serious that the directors closed the doors.

Doesn't Respect Old Age.

It's shameful when youth fails to show proper respect for old age, but just the contrary in the case of Dr. King's New Life Pills. They cut off maladies no matter how severe and irrespective of old age. Dyspepsia, jaundice, fever, constipation, all yield to this perfect pill. 25 cents at Hartz & Ullemeyer's drug store.

Men Who Have Recently Been Brought Prominently Before Public.

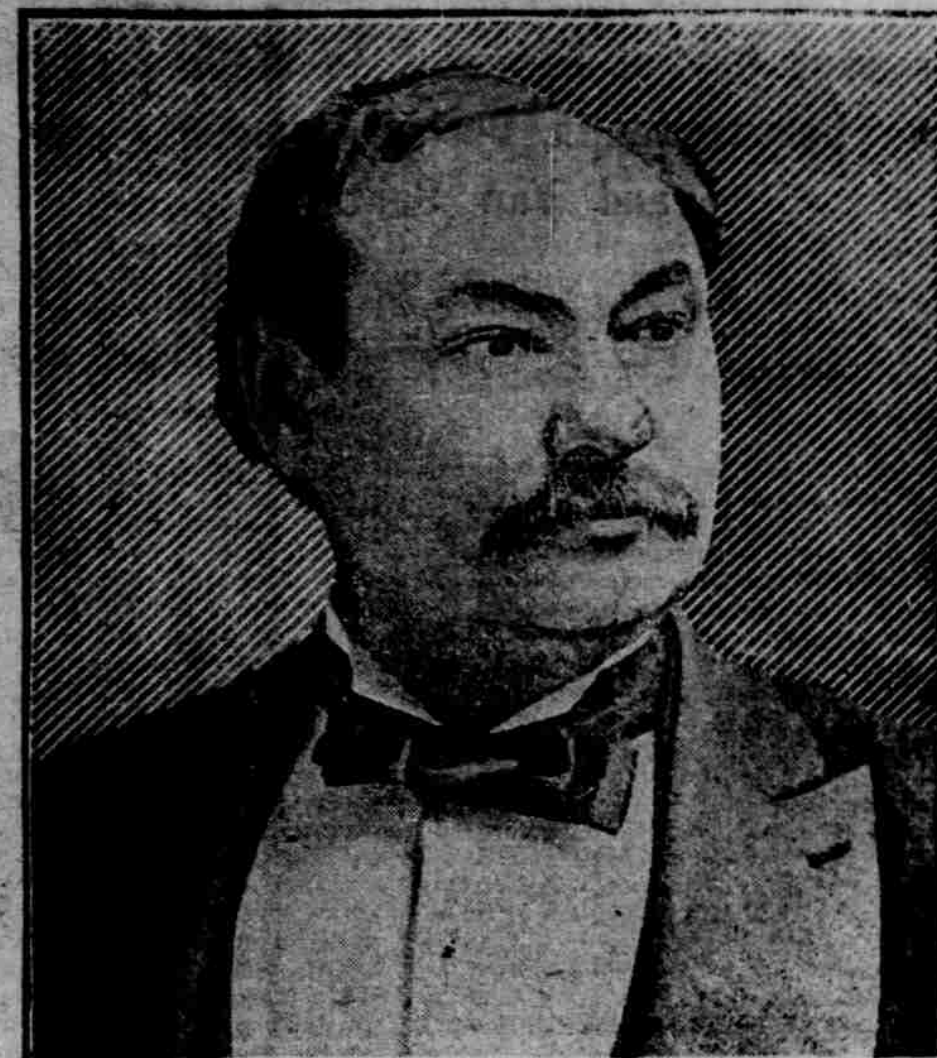

BARON MONCHEUR, THE BELGIAN MINISTER.

Like several other Washington diplomats of note, Baron Moncheur, Belgium's minister to the United States, married an American woman. Before her marriage his wife was Miss Clayton, daughter of Hon. Powell Clayton, United States ambassador to Mexico.

ISRAEL ZANGWILL, WHO FAVORS COLONIZING JEWS IN SOUTH AFRICA.

Israel Zangwill, the famous Jewish novelist, playwright and essayist, is much interested in the project to colonize the Jews of Europe on a tract of land in South Africa donated by Great Britain. His present visit to America is partly for the purpose of arousing interest here in the plan.

DR. H. W. WILEY, CHIEF OF THE UNITED STATES BUREAU OF CHEMISTRY.

Dr. Wiley, who has won national fame as a champion of pure food products, now claims that 85 per cent of the whisky retailed is grossly adulterated. He contends that all whisky sold should be labeled so as to indicate just what is in it.

German General Staff Proves Utility for Industrial Purposes.

Berlin, Nov. 19.—An automobile train with four cars was tested yesterday with Field Marshal Count von Schlieffen, chief of the general staff, and several cabinet ministers and generals as passengers. By means of special couplings the cars were drawn after the automobile around sharp curves, keeping the same track. The velocity was 15 miles an hour. The train went over meadows at the rate of eight miles an hour. The object of such trains is transportation for war or industrial purposes.

Not a Sick Day Since.

"I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad. of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured, and have not seen a sick day since. Neighbors of mine have been cured of rheumatism, neuralgia, liver and kidney troubles and general debility." This is what B. F. Bass, of Fremont, N. C., writes.
